Springfield's Riverside Days GRANDE PARADE

PO Box 77, Springfield, MN 56087

Dear Friends,

Springfield will be holding it's 31st Annual Grande Parade on **FRIDAY, JUNE 26th, 2026**, with a start time of **6:00 P.M. Sharp**. Last year we had over 100 units, with a parade route of twelve city blocks. **This year, the parade route will be going back to its original route from a few years ago. The route will start on Pafraath and Main Street, going East on Main, North on Spring, then back down West on Lincoln. The parade line up will begin on Pafraath Avenue.**

Each year, our parade coordinators strive to make the event even more exciting than the last. In order to do so, we rely on generous support from our community. We are looking for businesses, groups, and organizations to help sponsor or participate in this year's parade. Your support helps us continue to grow and improve this beloved community tradition. Would you and/or your business be willing to help by sponsoring a unit or making a donation? Our funds are limited, and your contribution makes a huge difference. Please help us make the 2026 parade more enjoyable than ever! If you are willing to help, checks can be made payable to Riverside Days Parade.

Weekend Attractions Include: Rodeo following the Parade, Kiddie Parade, Firemen's Bean Bag Tournament, Rotary Kickball Tournament, Firemen's Pork Chop Feed, Firemen's Street Dance, Town Team Baseball, Fun Run, Legion Food & Beer Stand, and many other fun events!

Thank you for your time and consideration. We hope you and/or your business will be a part of our community celebration and help make this event possible. **Please complete the form below and mail it back to one of the parade coordinators, if you plan on entering the parade.**

Mediacom Communications Ramps Up Speeds with Debut of 5-Gig Internet

MEDIACOM PARK, NY – MAY 27, 2026 – [Mediacom Communications](#) today announced the launch of its new 5-Gig Internet service, the fastest residential speed tier ever offered by Mediacom, reinforcing its continued investment in next-generation network capabilities to meet evolving consumer needs.

The new 5-Gig Internet service is now available to more than 500,000 homes passed throughout dozens of communities in Alabama, California, Delaware, Florida, Georgia, Illinois, Iowa, Maryland, and Minnesota. Mediacom expects to extend 5-Gig availability to more than one million homes by year-end as part of its multi-gig deployment strategy.

Mediacom's multi-gig capabilities are enabled by its fiber-rich network architecture, which extends fiber deeper into neighborhoods and closer to homes, enhancing speed and performance without major construction or disruption.

"Through continual buildout and investment over the past 30 years, Mediacom has created one of America's most diverse, capable, and fiber-rich networks," said JR Walden, Mediacom's Chief Technology Officer. "Our network now spans more than one million fiber miles, enough fiber to stretch to the moon and back more than twice. The scalability of the infrastructure we've deployed allows us to bring these next-generation speed tiers to our customers with minimal disruption to the communities we serve. Our new 5-Gig service leverages next-generation DOCSIS technology enhanced by AI to deliver greater reliability, resilience, and performance."

All Mediacom Gigabit tiers include Wi-Fi 7 powered by eero, the latest generation of Wi-Fi technology. Together, Mediacom's multi-gig network and eero's advanced Wi-Fi 7 system ensure that fast, reliable connectivity reaches every corner of the home, eliminating dead zones and supporting seamless gaming, 4K streaming, and remote work. Customers can also extend their connectivity beyond the home with [Mediacom Mobile](#), powered by a nationwide wireless network, creating a 360-degree connected experience that keeps them online wherever life takes them.

"The launch of 5-Gig broadband reflects our disciplined approach to network investment and our long-term commitment to the customers and communities we serve," said Giuseppe B. Commisso, Chairman and Chief Executive Officer of Mediacom Communications. "Our ability to scale high-speed connectivity efficiently across our footprint positions Mediacom as a leader in delivering multi-gig broadband to smaller markets across America."

###

About Mediacom Communications

Mediacom Communications Corporation is the 5th largest cable operator in the United States and the leading gigabit broadband provider to smaller markets primarily in the Midwest and Southeast. Through its fiber-rich network, Mediacom offers high-speed data, video, phone, and mobile services to over 3 million households and businesses across 22 states. The company delivers scalable broadband solutions to commercial and public-sector customers of all sizes through Mediacom Business and sells advertising and production services under the OnMedia brand. More information about Mediacom is available at mediacomcable.com.

Monday- Friday 9 am – 1 pm

Chamber Chatter is a publication of the
Springfield Chamber of Commerce.
It is published monthly to keep members
and friends informed on events, activities,
and programs in and around the community.

Mission Statement – The mission of the Springfield Area Chamber of Commerce/CVB is to strengthen the business community and take a leadership role in promoting economic growth in a spirit of cooperation and team work.

Vision Statement – Promote economic growth through the recruitment and retention of quality businesses and industries that will contribute to the overall economic health of the community.

Provide the membership networking opportunities, referrals, internet promotion and other membership services to promote and enhance their business.

Develop and nurture relationships with local government and other community sectors to help facilitate the needs and interests of the business community and enhance the overall quality of life within the community.
