DRS. AKRE & CLARK
FAMILY EYE CARE

Welcome Dr. Borgwardt!

Dr. Lukas Borgwardt, a New Ulm native, earned his bachelor's degree in biology from the University of Wisconsin-La Crosse in 2022 before completing his Doctor of Optometry degree at the University of the Incarnate Word Rosenberg School of Optometry in San Antonio, Texas, in 2026.

During his optometric training, Dr. Borgwardt gained valuable clinical experience in a variety of practice settings throughout the United States, including the VA Outpatient Clinic in Jacksonville, Florida, several specialty clinics affiliated with the UIW Eye Institute in San Antonio, and Drs. Akre & Clark. Throughout the course of these assignments, he developed the skills to prescribe corrective lenses, diagnose and manage complex ocular diseases, fit contact lenses, and care for patients of all ages.

Dr. Borgwardt is a member of both the American Optometric Association and the Minnesota Optometric Association. He also was a member of Beta Sigma Kappa International Optometric Honor Society throughout his optometric education in recognition of his status as an honors student. Dr. Borgwardt is excited to return to the community where he was raised and to join Drs. Akre & Clark as an optometrist. Having been warmly welcomed by the practice during his clinical training, he appreciates its commitment to providing compassionate, patient-centered care. Outside the office, Dr. Borgwardt enjoys spending time with his wife and daughter, participating in his church community, running, reading, and enjoying the outdoors.

"For I know the plans I have for you," declares the LORD, ... "plans to give you hope and a future."

Featuring: Sarah Hurm

Mother, Author, Speaker, Pro-life Advocate

September 17th 2026, 5:30-8:30

Sleepy Eye Event Center

"26 years old, 4 kids, 3 different dads... that doesn't look good." These were the words of the person Sarah believed loved her when she found out she was pregnant again.

Sarah was taught to be a "responsible adult" and just "take care of it." Desperately wanting approval, she went to the abortion clinic and got the abortion pill. After taking the first pill, panic set in. Sarah grabbed her phone and began obsessively searching online to see if babies could survive a chemical abortion.

A BIG thank you to our generous sponsors who have made this event no cost to attend. We do ask you to register so we can appropriately prepare.

[Register Here](#)

Come join us as Sarah tells her story of Abortion Pill Reversal and the hope she found in her local pregnancy resource center. We invite you to partner with us to bring hope to more women like Sarah.

This is our largest fundraising event of the year. We encourage you to invite your friends who may not know that abortion pill reversal is possible.
